

Centre Policies

Policy

Parents have a right to know the policies and practices operating in our centre so that they may make an informed decision as to the appropriateness of our centre in relation to the care of their child. Members of staff are to make themselves familiar with and implement all current policies.

Background

The availability of written policies and strategies will ensure the effective implementation of centre policies. Access to written policies will provide tangible evidence of intended practices. Written policies also afford a protection for our centre in the case of a consumer having an expectation that was not offered by us. All adopted policies are available on the Janelle Street Centre website or can be accessed via internet at the Centre office.

Practices

This Centre has policies available to staff and parents in the following areas:
